

Systems, Applications & Products in Data Processing (SAP) Training: 2020-21

AGPPI has showcased its approach of imparting quality education in Solapur region by arranging “Systems, Applications & Products in Data Processing (SAP) Training”.

Total **60 students** have been the part of this event. It was scheduled from 21st August to 31st August 2021. In these two weeks, students got vital information of a new concept of SAP- Systems, Applications and Products in Data Processing which is representing software of Enterprise Resource Planning (ERP).

The various topics are Overview of SAP is as follows:

- HCM
- Material Management
- Logistics
- Production Planning
- Sales & Distribution
- ABAP
- SAP Hana
- Hands-on Session (Practical)

The training was conducted by **Mr. Shubham Bokadiya & Mr. Sunit Athavale** and they taught the participants in excellent manner.

The duration for this training was of Total 24 hrs. This includes 20 hrs. Theory lectures and 04 hrs. hands on experience in practical sessions. All enrolled students were trained in online mode.

At the end of course, a theory examination is conducted by trainers and candidates scoring more than 50% marks have received SAP-01 Training completion certificate. Mr. Prathmesh Jadhav and Ms. Shraddha Mane have received **“Active Students of Training Program for SAP”**.

The feedback reflected that the support given by Management, Dr. Chougule M. A. (Principal), Mr. Jaketia J. M. (Vice-Principal) and efforts taken by Head of Departments, SAP Co-ordinator Mr. Kulkarni G. M. (Training & Placement Officer) and Department Co-ordinators was remarkably appreciated.

Mr. Kulkarni G. M.
(SAP Co-ordinator)
